ROAD CLOSURE NOTICE:

The City of Wilmington will **close sections of MacMillan Avenue to through traffic between Park Avenue and Pine Grove Drive** to install stormwater drainage improvements. Traffic should use the detour route to access other portions of MacMillan Avenue. **Sections of the road will be closed to through traffic from approximately May 9 – August 24, 2011** (*see map on reverse side*).

ATTENTION PARENTS & STAFF OF WINTER PARK ELEMENTARY:

The Winter Park Elementary School student drop-off/pick-up area along MacMillan Avenue will be accessible only from Pine Grove Drive between May 9-June 10, 2011. A temporary gravel turnaround area will be provided on MacMillan to access the detour route upon leaving the school.

This project involves installing new storm drainage pipes to alleviate flooding along MacMillan Avenue and Pine Grove Drive.

Please be aware that construction dates are subject to change due to weather conditions. In addition, lane closures can be expected on Pine Grove Drive in the fall due to continuing improvements.

The City regrets any inconvenience this may cause.

**For more information,
contact the City of Wilmington Stormwater Services at 910.343.4777.**
