The RFP includes a preliminary scope of work and general terms and conditions of any subsequent contract. Your RFP must adhere to the following submittal requirements to be considered responsive. This is a criteria-based project. The successful Contractor will be selected based on the quality, quantity, and best value of services provided for the city.

After the city determines the most qualified firm, the staff will negotiate with the firm to better define the final scope of work. If, for any reason, the City and the selected firm cannot agree on a scope, the City will negotiate with the next most qualified firm.

The city promotes local and minority business participation in all construction and service contracts. Therefore, in accordance with the City of Wilmington's MBE/DBE Policy, the Proposer shall make a good-faith effort to identify and hire minority, socially, and/or economically disadvantaged (MBE/DBEs) subcontractors for this project. A complete copy of the City's MBE/DBE policy is available at my office.

My office should be contacted with questions concerning the proposed contract terms and conditions. I look forward to your proposal for this service.
