ADDENDUM NUMBER 1

Re-Bid Dawson-Wooster Streetscape Improvements

SW-WSP-0626

JUNE 8, 2026

To all holders of Bid Documents, please be advised of the following:

Question: *What work times would the City allow during the day if the selected contractor obtains approval for day-time lane closures.*

Answer: The City would potentially allow the selected contractor to close or narrow a single lane of traffic during off-peak hours Monday through Friday. Allowable work times are subject to final approval by the City and NCDOT.

Question: *What closures of City maintained side streets will be allowed?*

Answer: The City will allow full closures of side streets with a minimum 2-week advance request to do so. The selected contractor will only be permitted to close a side street after they receive written approval from the City. All proper traffic control requirements per City and MUTCD standards must be followed when closing a side street and local access must be maintained at all times.

Question: *How is Paint Removal to be paid?*

Answer: Any paint removal needed for the project is included in the lump sum line item for traffic control.

Acknowledge receipt of this Addendum in the space provided in the Proposal. Failure to do so may disqualify the Bidder.

All other terms and conditions remain unchanged.

Daryle L. Parker, Purchasing Manager
Purchasing Division
