The meeting was called to order at 11:08 AM by Robert Rosenberg.

The October 2014 and January 2015 meeting minutes were approved.

Allen Davis gave a presentation on the Growth Strategies Maps, reviewing the maps systems, their position within the box set, and detailed descriptions of each map. Mr. Davis highlighted key strategies on each map. Mr. Davis noted that the maps are about 85% aspirational in nature, and future looking, rather than an assessment of current conditions. The committee discussed the maps at length, and were asked to send any further comments to Christine Hughes via email.

The maps will be presented for public review and input on March 11, 2015 at a joint meeting with New Hanover County. The presentation will include a “translation” between the county’s future land use maps and the city’s Growth Strategies Maps.

Following review of the maps, the committee continued review of the Development and City Building chapter. The committee completed review of this chapter.

Ms. Hughes noted that the draft policy document would be distributed to the committee around March 10<sup>th</sup>, for the committee’s final review at the March 24<sup>th</sup> meeting.

The meeting was adjourned at 1:37 PM.

The next steering committee meeting is scheduled for March 24<sup>th</sup> at 4:00 PM in the Lord Spencer Compton Conference Room.
