

## City Standard Bicycle Rack Request

### Application Instructions

This application form along with the additional application materials specified below shall be submitted to the Public Services Department, Streets Division at 265 Operations Center Drive Wilmington, NC. The Pedestrian/Bicycle Improvements Committee will review the application and notify the applicant if their location qualifies or if additional information is needed. If approved, the City will notify the applicant of the planned installation date of the bicycle rack.

This application is to be filled out by the property owner adjacent to the requested bicycle rack location.
